

## Complete Turn-key Liquid Storage Solutions

Experience spanning over 35 years with more than 500 installations.

**GREATARIO ENGINEERED STORAGE SYSTEMS** has been building fire protection storage systems since 1986. Leading edge technology, engineering support and sound construction methods have allowed Greatario to become the largest field-erected tank builders in Canada. With experience spanning more than 35 years, and more than 500 installations, Greatario has both the product AND the expertise for any application.

### At GREATARIO, we offer:

- Turn-key design/build solutions
- Reduced maintenance/downtime
- Future vertical tank expansion
- Experienced, professional crews
- Fast construction schedules
- Geotechnical expertise
- NO tank repainting

### GREATARIO offers the following in Fire Protection:

**FACTORY EPOXY**

**GLASS FUSED STEEL**

**INSPECTIONS**

## MODULAR VERSATILITY

The modular design of factory coated, bolted storage tanks allows for the installation of NFPA, NBCC and AWWA rated Fire Protection Systems in some of the most unlikely places with minimal disruption to your facility and operations.

### RETAIL CENTRE Sauble Beach, ON

GREATARIO built a 11.89 x 6.10m, 71,200 USG capacity tank in the **basement** of a retail centre to meet unique requirements
